

**PROPERTY EXCHANGE AGREEMENT
Deal Points**

*Exhibit B
Minutes for
6/20/06*

1. Purpose.

Under this Agreement, the City will convey property to Eagle in consideration for Eagle's agreement to construct City's sports center.

2. Description of Property.

The real property which Eagle shall construct, herein "Sports Arena," is described on Exhibit "A" attached hereto and incorporated by this reference. The unimproved real property which the City will convey to Eagle, herein "unimproved parcel," is described in Exhibit "B" attached hereto and incorporated by this reference.

3. Consideration.

Eagle shall expend not less than \$565,000 on the construction of a Sports Arena. City shall expend up to \$65,000, from grant funding, on the construction of the Sports Arena.

City shall convey the unimproved parcel, which has an appraised value of \$500,000, to Eagle in consideration of Eagle's construction of a Sports Arena.

4. Construction Specifications.

Eagle shall construct the Sports Arena in accordance with the plans and specifications attached as Exhibit "C" and incorporated by this reference. The Sports Arena shall be constructed within _____ days after the date of this Agreement.

5. Unimproved Property.

The unimproved parcel shall be conveyed to Eagle within thirty days after the Sports Arena construction has been completed according to the terms and conditions of this Agreement.

California City
X City Council, RDA, Planning Commission
Staff Report
City Manager
June 14, 2006

Status: X Routine Closed Session

Meeting Date: June 20, 2006

Item: Property Exchange Agreement

Background: As previously reported staff has been negotiating the transfer of city property in exchange for construction of a sports arena in Central Park.

The City owns approximately 50 acres of property (Parcel number xxx), which has been declared surplus property on September 20, 2005. This parcel was appraised at \$10,000 per acre by a professional appraiser for a total valuation of \$500,000.

Eagle International, Inc. has proposed constructing a sports arena in Central Park, in exchange for parcel number 227-010-05, for a valuation of approximately \$565,000.

The City applied for and was awarded a grant, in the amount of \$34,287 from the State Roberti-Z'burg-Harris Nonurbanized Area Need-basis Program for construction of new restroom facilities in Central Park. Additional funding from private sources was committed at \$8571. In-kind contributions from the City amount to \$10,000. Cash funding from the City is in the amount of \$7142. The total grant and matching funds is \$60,000. The state has tentatively agreed to allow the grant funds to be used for restroom facilities located as a part of the new sports arena facility.

Eagle International is prepared to move forward with this project based upon the attached "deal points" which shall be articulated in an official development agreement prepared by legal counsel.

Critical Timelines: Time is of the essence for establishing facilities that will accommodate the needs of youth and other citizens of California City. Approval of these deal points will allow the developer to proceed forward with acquiring structural materials and detailed design work for the project.

Recommendation: Approve the land/sports arena swap in concept, directing staff to prepare transfer documents which correspond with these points.

Council adopt "Motion to approve the land/sports arena transfer directing staff to prepare official documents consistent with this staff report".

Fiscal Impact: Approximate \$565,000 facility improvement.
Transfer of \$500,000 in property

Environmental Action: Environmentally exempt.

NB2.

SPORTS CENTER PROPOSAL

California City, CA

Fall 2006

Eagle International, Inc.

PO Box 2723
California City, CA 93504

SPORTS CENTER SPECIFICATION SHEET

Develop a Youth Sports Facility; gable semi-symmetrical Sides with a center core clear span steel frame red iron structure 44'x120' 5 Bays 24'-0" O.C. 20' Eave Heights at Main Center Core.

Two Side Shed Roofs at 14'-0" and 22'-0 w/24'-0" O.C. columns. See concept drawing marked Exhibit "A". Interior Square Footage is 9,024. Exterior shade areas are 1,024 Sq. Ft. under roof. Roof Pitch=2 1/4

Building Code USC1997, Seismic Zone = 4, Snow Load=0#, Wind Load=90# Exposure "C"

Exterior of the shell is covered with coated steel side walls over red iron steel frame.

Roof Insulation is ~6" White Vinyl Blanket Batts. R=~20

Exterior walls are ~6" walls insulated with a minimum ~4" fiberglass batts with exterior 1" DOW StuccoMate foam core (R=~ 5.5 for a minimum R=~20).

A 2 coat "Diamond brand" colored stucco covering is provided over the 1" StuccoMate Foam.

Covered Exterior roof areas are coated steel under the overhang areas.

- Land: By City
